

The Title V MCH/CSHCN Block Grant funds are administered by the Wisconsin Division of Public Health, Bureau of Community Health Promotion, Family Health Section. The FHS is clearly demarcated within the Division as the designee for administration of the Title V activities. This clear demarcation serves as a critical component to ensure comprehensive program activity and a single point of accountability for the state. The Family Health Section contains the MCH Unit which includes the MCH Program and the CSHCN Program.
